Portfolio

SUMMARY

Computer Science undergraduate with knowledge of Data Structures and Algorithms, Object-Oriented Programming, DBMS, and software development. Passionate about building software solutions and solving real-world problems.

EDUCATION

B.Tech in Computer Science

B. V. Raju Institute of Technology

2023 – 2027

CGPA: 7.89/10

PROJECTS

NexaStudy – Academic Productivity & Study Management Platform

Ongoing

- Developed a full-stack student productivity platform with secure authentication, email verification, password reset, and protected routes.
- Built MongoDB-backed academic modules and a responsive dashboard with analytics, exam countdowns, study streaks, XP tracking, and progress insights.

BudgetBuddy – AI-Powered Personal Finance Management System

Jan 2026 – Mar 2026

- Developed a full-stack personal finance application for expense tracking, budget management, analytics, and financial insights.
- Integrated Gemini AI for expense auto-categorization, spending insights, budget prediction, and financial assistance.

EmotionSense – AI-Based Multimodal Emotion Detection & Wellbeing Platform

Oct 2025 – Dec 2025

- Developed a multimodal platform for face, voice, and text emotion analysis with mood journaling, recommendations, history, and reports.
- Integrated OpenCV and DeepFace with FastAPI for facial emotion analysis and implemented secure authentication and data persistence.

Military Tank Detection using YOLOv8 and Satellite Imagery

Jun 2025 – Aug 2025

- Developed an object detection system achieving 85%+ accuracy on satellite imagery.
- Annotated and prepared 1,200+ satellite images for training, validation, and testing.

SKILLS

Languages : Java, Python, C, JavaScript, SQL

Web Technologies : HTML, CSS, React.js, Node.js, Express.js

Database : MongoDB, SQL

Core CS : DSA, DBMS, OOP, Operating Systems

AI / ML : YOLOv8, OpenCV, Computer Vision, Gemini AI

Tools : Git, GitHub, VS Code

ACHIEVEMENTS

- Presented a research paper titled “YOLOv8-based Detection System for Military Vehicle Recognition in Satellite Imagery” at **ICIRCA 2025**.
- Completed the **IBM SkillsBuild Winter Certification Program – Applied Artificial Intelligence & AI Agents**.

CERTIFICATIONS

IBM SkillsBuild – Applied AI and AI Agents

AICTE – AI/ML Internship

AICTE – Data Engineering Internship

Cisco – Python Essentials

Cisco – Introduction to Data Science

Infosys Springboard – JVM Languages
